Date: 2/1/1998

The Right Stuf International is pleased to announce the release of the next volumes of "The Irresponsible Captain Tylor". This 26 episode television series has been at the top of anime fans "must see" lists for years, and these new episodes will be available for the first time in the US. Please note that volumes 1 through 4 and the first prepack set are currently available through regular distribution channels.

The time is the distant future, and two civilizations are preparing for interstellar battle. The problem is that the UPSF's forces are stretched to the limit, and the Raalgon Empire has declared war on them. One thing is certain: both sides are undergoing massive internal power struggles and there is going to be a great deal of useless killing before this is over. Anyone in the army has to seriously question their commitment and their sanity. And, then there's Tylor.

Justy Tylor is for all outward appearances a bumbling clod, a directionless 20 year old man on some distant future world. Drifting aimlessly, he takes it into his head that enlisting in the military would be a good way to glide through life and collect a nice fat pension after an invisible career. One would think that someone like this wouldn't even be let in the door, let alone given the chance for glory. Tylor, though, has perhaps the most disarming manner in the Universe ... there isn't a person alive who can out-charm him. Even with this ability, common wisdom dictates he wouldn't get very far before someone caught on and quietly buried him someplace unimportant (pretty much what Tylor wants, actually).

The Raalgon have had enough of both Tylor and his ship, the Soyokaze, and they've now decided that it's time to pull out all the stops and capture Tylor using their agent. Everyone knows full well that the Raalgon don't keep prisoners ... particularly prisoners who've wiped out several very expensive ships and their competent commanders. Tylor, true to form, isn't fazed in the slightest when he's brought before the enemy commanders Dom and Shia Has (they may, he surmises, have a nice spa on board their ship). When he finally does meet Princess Azalyn, however ...

The war continues, as well as Tylor's apparent apathy and indifference toward it.
The Irresponsible Captain Tylor: never underestimate the power of complacency and sloth.
